> Volcanoe had finished the program and was lying on my bed after taking a shower wondering what to<br>do when she heard the phone ring, she figured it was Morgan calling back

>so she slowly got up and walked to the living room to answer it. When she<br>got there her jaw dropped. Standing, in her living room, next to the phone

>was THE MOST famous hacker of all, Morpheus. She turned to go into the<br>bathroom to splash water on her face when, at the worst possible time, she slid

>and landed on her face, while her strategically placed towel fell off. <br> She fixed her towel to hear a snicker then outright laughing behind her.

>She turned and saw Morpheus, Neo, Trinity, and Mouse laughing. "Shoot me now, <br> that didn't just happen please tell me it didn't." She said, at this they burst

>into more laughing. <br> The Neb.

> Tank was in hysterics, as was Halo, though she felt a twinge of sympathy for Volcanoe, <br> seeing as she had just mooned half the crew. Then Tank sobered up as he read the screens.

> He dialed Morpheus' phone. "Morpheus, 2 agents." He said. "Alright." Morpheus said hanging up. <br> The Matrix.

> "Volcanoe. please hurry and get dressed, you're in danger." She immediantly turned and went to get dressed. <br> "Neo, we have 2 agents." Morpheus told him. Neo nodded and felt for agents. Meanwhile, Volcanoe decided

> to wear a black tankini top (It's summer.), black shorts, black combat boots, put her loong red hair<br> in a ponytail, and put on a pair of glasses like Neo's. She walked into

>the living room. "Now what?" She asked. "We leave." Morpheus replied.<br>
